MONITOR, ALBERTA, FRIDAY, MAY 13 1921.

NO. 19

Free Crank-Case Service

Drain and thoroughly clean the crank-case of your motor car every 500 miles, then refill with fresh Imperial Polarine.

Do this and you will reduce your operating expenses almost a half and will easily double the life of your motor.

All motorists are invited to use our Crank-Case Service. Cleaning the crank-case is not a pleasant job, but we shall be glad to do it for you promptly, absolutely free of charge and in an expert and workmanlike manner, to show our appreciation of your patronage.

We sell and recommend Imperial Polarine and have the right grade for your car.

Red Cross Meeting at Horseshoe Postponed

Owing to the combined forces of bad weather and balking cars, the first drive for members for the Red Cross, which was to have been held at Horseshoe last Friday, had to be abandoned.

Around 7:30 p.m. in a down pour of rain, four car-loads of people from town set out for Horseshoe. Apparently two cars were running fairly well at the start, but ere long one car was hitting on one cylinder, and another on two, and neither had any lights. Consequently the night was the darkest we have had yet (its always that way, you know) One car showed good judgement by turning back about two miles out of town, but the other three continued to buck their way through until—well, you know what would happen on a night like that.

After spending about an hour trying to get one car to start and trying to shove the other one up a little hill the ladies of the party Mesdames Gould, Barker and J. Hayes decided that a little walk wouldn't hurt them, and accompanied by Messrs Gould and Warner, set out from the awful scene for home, being assisted on their way by sweet (?) strains from the band boys in the other stuck car. Well sir, that was SOME walk. Every once in a while we would line up the telephone poles, and set out, only to have to wait for the next flash of lightning to see where we were. However, eventually Chas. B. Horsch came on the weary plodders at the top of the grade on the north road, and picked up the ladies and Mr. Gould. By this time, the chuff of the other car had also decided to walk in so Sloan and Warner linked arms and slithered, sloped, slid and swore into town, arriving at 11:30 p.m. Mr. Horsch made the return trip for the balance of the party and all is well—except a few pairs of trousers, shoes and stockings a bum thumb and little things like that.

Chas. B. Horsch Monitor

OUR PROGRESS

Monitor district has had the lions share of the rains lately, and now looks like one of the "Fertile Valleys" that one reads about in story books. Farmers are happy and are apparently expecting a bumper crop for 1921.

Seeding throughout the district is almost completed, and in several instances wheat and spring rye are up, and looking strong and healthy.

Business property is practically at a premium in town. Residential property, close in, has all been picked up, and in fact almost the whole townsite is sold. Doubtless there will be another survey this summer. Favored with a bumper crop, and with the present oil activities, land throughout the district will soon double in value.

The Town Council have an extensive program mapped out for 1921: provided the taxes are paid promptly. Road work predominates, and the council will also arrange to have the property cleaned from time to time. The support and co-operation of the residents must be behind them however. It is absolutely essential that the Health Act be enforced to the limit. We understand several of our citizens have received notices re some small thing or another in the rear of their lots. Dont get hostile about it. Do your bit, and see that others do theirs too.

Monitor School Report for Senior Room

The following is the monthly report for the senior room of the Public School by grades in the order of their standing.

Grade 11 Beatrice Lay

Grade 10 Gladys Akre, Dudley McIntyre, Thomas Carroll.

Grade 9 Thomas Wheeler, Janova MacDonald, Lilian Martin.

Grade 7 Della Foster, Ruth Martin Grant Kempton.

Grade 6 Letia Cramer

Grade 5 Joe Osavitsky, Lana Tinkess, Gladys Grace, Barbara Dore, Emily Bowers.

Percentage of attendance for the month 96%. The percentage of attendance of High School Pupils for January, February, March and April is 90%. Why not make it 100% for May and June?

W. F. Hargrove, teacher

Mr. W. Griffin of the Canada Security Assurance Co., paid a business visit to their agent, H. A. Warner last week.

Mr. Puttonson, of the Drug Emporium here, returned from his visit west on Saturday night. He was unaccompanied.

At the last meeting of the Village Council, it was decided to keep the Assessment this year the same as last, namely, 50 mills on the dollar. Assessment notices were sent out last Monday.

Mr. J. Humer celebrated Arbor Day in fitting style by planting about 450 trees on his property in town. Wise man Joe. In about a few years from now, when the temperature reaches 180, wont it be fine to sit in the shade of those trees and have a drink of, er—egg-nog?

Mrs. I. Carrol, of the Monitor Hotel, left on Thursday night last, for an extended visit to her children in New York.

A Constructive Colonization Project

On more than one occasion during the past two or three years, in fact ever since the signing of the Armistice turned men's thoughts and energies from war back to the pursuits and activities of peace, articles have appeared in this column laying emphasis upon the importance, yes, the urgent necessity, of a large increase in the number of living upon and producing from the land. The view has been advanced without the slightest fear of successful contradiction that the only solution for Canada's huge national problems is to be found in increased population; that is, increased population definitely and actively engaged in the primary industry of producing new wealth out of the undeveloped natural resources of the Dominion—the chief and most easily worked of which are the now unoccupied but fertile agricultural lands of the West.

It requires no great far-sightedness to arrive at the above opinion. Any intelligent student of conditions and affairs cannot help but see it, nor need he be a very deep student at that. Canada's billions of public debt occasioned by the war can only be carried, and ultimately liquidated, through the taxes paid by the people. But taxes cannot be paid unless people have money, and money is not made merely by the act of trading in existing commodities. New wealth must be created, and it can only be created by production from, first the land, and secondly, from the other undeveloped natural resources—the mines, the forests, the fisheries, etc.

Every new settler placed on the present unoccupied lands of Western Canada means—

1. An additional producer of new wealth.
2. Another taxpayer to carry a portion of the public debt whether that debt be represented by the national war bill, (b) provincial, (c) municipal, (d) school.
3. Increased ability and power to provide needed facilities such as schools, highways, bridges, telephones and other public services.
4. Closer settlement, with doctors, hospitals, nurses, churches, postal services, and all the advantages of modern community life nearer at hand.
5. An assurance of an increased volume of traffic for railways and other transportation systems, and consequently largely increased revenues and decreased operating deficits, and at the same time reduced passenger and freight rates.
6. As the natural and inevitable sequel to the above, added value to every acre of land in the whole country.

If the settlement of the now unoccupied lands of the West means the bringing of these decided reforms and advantages, and the solution of now heavy pressing national problems of finance and taxation, surely all Governments, public bodies, and people generally, should not merely welcome, but unites support anything and everything carefully designed and organized with the avowed object and sole purpose of encouraging and promoting colonization and settlement for productive use of the unoccupied lands of this country.

In the daily and weekly press during the past week there appears the full text of a memorandum recently submitted to the Provincial Governments of Manitoba, Saskatchewan and Alberta by the managing director of the Western Canada Colonization Association, in which are set forth the studied convictions of that organization as to the steps it is now necessary to take in order to turn the tide of immigration of experienced agriculturists to Western Canada. That memorandum is deserving of the careful study of every man in these Western Provinces who has his own, his neighbor's, and his country's success and prosperity at heart.

It is to be borne in mind that the Western Canada Colonization Association is not a money-making, dividend-paying concern. By its charter from Parliament it is precluded from making any profits for itself. Rather it is like the Exhibition Association in these Provinces—a body of men who have contributed money with a public spirit and a broad vision. Exhibition Associations cannot pay dividends; their work is the fostering and developing of their respective communities. Men who take a share of stock in an Exhibition Association and give of their time and effort to the success of such undertaking, do so with the knowledge that their return and reward can only come through the advancement and increased prosperity of the whole community. In this way, and that way only, can they reap profit from their money and their work.

So, too, with the Western Canada Colonization Association. Only in its case the whole West is its field. The plan outlined by this Association is not fantastic, but plain and simple and practical. It is asking no money grants from Governments; only for practical co-operation through legislation and Government departments. Its plan certainly appears to be worthy of a trial, and to merit the support of Governments in the first instance, and sympathetic co-operation by the people once the plan is officially adopted and the machinery for the carrying out of the scheme actually set in motion.

Pumpkins From Irrigated Land.
Pumpkins and squash of several varieties have been grown successfully for four consecutive years on irrigated land near Brooks, Alta. During the past fall two carloads of green Hubbard squash and smaller pumpkins were shipped to the Calgary market. These gave a net return of over \$200 per acre.

If a woman only knew her husband as well before as she does after the chances are that she would marry some other fellow.

British Columbia Orchards.

An orchard survey recently made by the Horticultural Branch of the B.C. Department of Agriculture gives the total area of land under cultivation at 19,991 acres. Of this amount 12,915 acres are situated in the North Okanagan territory, while the balance, 7,076 acres, is situated in the south.

In the year 1709 an edict was issued at St. Helena for the punishment of persons gossiping. So severe was the penalty imposed that gossip was for ever banished from the island.

Allies Have Not Yet Solved Secret

Mechanism of "Big Bertha" Has So Far Eluded Discovery.

The secret of the mechanism of "Big Bertha" and the three long-range guns of that type which the Germans are known to have possessed, has so far eluded discovery. The Peace Treaty stipulates that these, just as any other German guns, should be surrendered, but up to now the Germans have refused to obey. A grant of 500,000 francs was made by the French Government for research work, with a view to discovering the secret, but down to the present nothing is known by the Allies, apparently, as to how these guns were made. The efforts are continuing, however, and the work is now in the hands of the French naval artillery department.

At heights of more than 23,000 feet above sea level, mountaineers say that sleep would be difficult, if not impossible.

"And what is an egg," asked the missionary who was testing his hopeful pupil's knowledge of English. "An egg," said the boy, "is a chicken not yet."—Watchman-Examiner.

A SPLENDID TONIC FOR WEAK PEOPLE

Dr. Williams' Pink Pills Act On the Blood and Nerves.

Food is as important to the sick person as medicine, more so in many cases. A badly chosen diet may retard recovery. In health the natural appetite is the best guide to follow; in sickness, the appetite is often feeble and depraved.

Proper food and a good tonic will keep most people in good health. Dr. Williams' Pink Pills are a fine tonic medicine, harmless and certain in their action, which is to build up the blood and restore vitality to the run-down system. For growing girls who are thin and pale, for pale, tired women, and for old people who fail in strength, Dr. Williams' Pink Pills are an ideal tonic. Thousands have testified to the benefit derived from the use of this medicine, among them is Mrs. William Gallie, Hantsport, N.S., who says: "Before I began the use of Dr. Williams' Pink Pills I was so weak and run-down that I could hardly do my own work. I often suffered from headaches and was very nervous. I then began the use of Dr. Williams' Pink Pills and I can truthfully say I have found them the best medicine I have ever taken. You may depend upon it I will advise other sufferers to take these pills."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Egg Shipments From Moose Jaw.
Approximately half a million eggs, comprising six carloads or 2,700 cases, were shipped from Moose Jaw to Canadian and American markets during the month of March. The shipment is a record for any one prairie city at this time of the year.

Mother Graves' Worm Exterminator will drive worms from the system without injury to the child, because its action, while fully effective, is mild.

Boats For Far North

Activity in the Boat Building Trade at Edmonton.

There is great activity in the boat building trade at Edmonton. During one week a full car of 20-foot heavy freight ganoes and lighter boats for the trapper and prospector left for the far north. This represents a portion of a large order placed by the Hudson's Bay Company with the Alberta Motor Boat Company. An order has also been received for two heavy cruiser type canoes for the Royal Canadian Mounted Police which they will use in patrol work, and other boats have been ordered by the Dominion Forestry Department.

McDonald Has Now Discarded Cane And Walks Well As Ever

"I just simply think there's nothing like Tanlac, for the way it has restored my health is simply wonderful," said Kenneth McDonald, well-known hardware dealer, residing at Oak River, Man., while in Winnipeg recently. "Three years ago I commenced suffering with lumbago, and then a year later rheumatism struck me in my legs. My knees were so stiff in the mornings I could not bend them, and I certainly did have a time getting my clothes on. In a few months my legs and arms got to hurting terribly, and I was so crippled up I couldn't get around without the aid of a cane. I was hardly able to eat anything, and

suffered from gas bloating and pains that were simply terrible. The pains kept me awake most of the night.

"About two months ago I started taking Tanlac, and three bottles of this medicine made me feel like a different man. I've finished my sixth bottle now, and haven't a trace of lumbago, rheumatism or stomach trouble left with me, and have gained twelve pounds in weight. The cane I used to walk with, stands up in the corner of my room now, for I can get about so well I never need it any more. Tanlac is beyond doubt the best medicine in the world."

Tanlac is sold by leading druggists everywhere.

Fishing Popular Summer Pastime

Booklet Issued by C.P.R. Will Prove Valuable to Anglers.

For the information and guidance of the angler, the Canadian Pacific Railway has issued a booklet entitled "Open Seasons for Fishing in Canada and Newfoundland." This booklet covers extensively the kind of fish to be had in each province, the open seasons, and the resident and non-resident license fee. Fishing being a popular summer pastime in Canada this little booklet will in all probability be in great demand and prove of value for the information it contains.

Keep Minard's Liniment in the house

May Ship Fruit Via Panama Canal.
R. G. Parkhurst, Vancouver, manager of the Royal Mail Steam Packet Line, which will shortly have ships operating from Vancouver to the Old Country, visited the Okanagan recently and discussed with fruit shippers plans for sending apples to the Old Country via the Panama Canal. It is expected that there will be a good movement of apples to the markets of the United Kingdom this fall.

Don't Submit to Asthma. If you suffer without hope of breaking the chains which bind you do not put off another day the purchase of Dr. J. D. Kellogg's Remedy. A trial will drive away all doubt as to its efficacy. The relief that comes will convince you more than anything that can be written. When help is so near, why suffer? This remedy is sold by dealers everywhere.

Automobiles As Dental Parlors.
The equipment of two automobiles as dental parlors to look after the dental requirements of children in settlements far away from dentists was decided upon recently by the Saskatchewan provincial executive of the Red Cross.

Ships Lost At Sea

Cases of ships being lost at sea have become so numerous during the last four or five months that the British marine authorities are instituting investigations into the circumstances of these disasters. These cover some cases in which the full claims have already been paid.

Even the man who expects the unexpected is apt to be surprised when it happens.

TOO ILL TO GO TO SCHOOL

Mother Tells how Daughter Was Made Well by Lydia E. Pinkham's Vegetable Compound

Cobourg, Ont.—"Lydia E. Pinkham's Vegetable Compound was recommended to me for my daughter. She had trouble every month which let her in a weak and nervous condition with weak back and pain in her right side. She had these troubles for three years and frequently was unable to attend school. She has become regular and feels much better since she began taking the Vegetable Compound and attending school regularly. She is gaining steadily and I have no hesitancy in recommending Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Blood Medicine."—Mrs. John Toms, Ball St., Cobourg, Ont.
Standing all day, or sitting in cramped positions, young girls contract deranged conditions, and develop headaches, backache, irregularities, nervousness and bearing-down pains, all of which are symptoms of woman's ills. Every mother who has a daughter suffering from such symptoms should give Lydia E. Pinkham's Vegetable Compound a fair trial.

A SQUARE DEAL FOR THE SETTLER

Is the Aim of the Western Canada Colonization Association.—It Can Be Realized Through Co-operation from the Prairie Province Governments.—Legislation Necessary to Assure Success.

(By J. W. Dufour, Editor-in-Chief of the Manitoba Free Press.)

In times of difficulty and distress the dependence of all sections of the community upon one another is revealed far more clearly than in periods of abounding prosperity when the need for co-operative action is not so apparent.

At the moment Canada is faced with a problem of immense magnitude: how to induce the rapid and successful development of the vacant lands in the West in proximity to the railway lines.

The old immigration movement—the combined result of many independent agencies, among them the Government, railways and land companies—was pretty well over before the war came to put a complete stop to enterprises of this character.

Now the factors of the problem are so changed that the old agencies, if they could be revised and got back to work again, could not renew their old successes. Everything is changed: the character of the settlers required, the nature of the appeal that must be made to secure them and the machinery by which they can be transported and placed in locations where their presence will be advantageous to themselves and of benefit to the country.

The immigrants most needed are people who will come with a view to securing farm homes for themselves; they must have a moderate amount of capital now that there are no more free homesteads, and experience in farm work, or at least aptitude for it is desirable. There is no lack in the world today of people of this type to whom the prospect of a home in Western Canada, if it could be brought before them, would make an irresistible appeal just as there are available for them the very homes they desire if some method can be found to bring the vacant lands and the home-seeker together.

The Western Canada Colonization Association has come into existence in the expectation that it will be able to render a great public service by devising and carrying out plans by which the desirable immigrant in other lands—over the sea, or south of the line—will be secured, brought to Western Canada, placed on suitable land and given such encouragement as may be necessary to make him a contented and prosperous settler.

The Western Canada Colonization Association, with all its energies primarily to inducing the right kind of settler to come to Canada. It will do this work in co-ordination with every agency existing or hereafter to be called into being devoted to the same purpose. The more the better provided they work towards a common object to co-operate to this end.

The association is not a land selling agency. It has no interest in any particular district and is not concerned in the disposal of privately held lands. Yet it is very obvious that if settlers are secured for Western Canada they will require land. If they can get the land they want at the price they can afford to pay, in a locality that meets their wishes, the plan will work. After the first thousand settlers are successfully placed the current of immigration will set in steadily and will never cease until the vacant places in the West are filled.

But the successful placing of the settler after he is secured, is the very foundation stone of the enterprise; lacking it the movement must fail. The Western Canada Colonization Association have asked the people of Western Canada to attend themselves to this matter, of such vital importance to them, through the agency of their own Provincial Governments.

In the memorial presented to the Governments of Manitoba, Saskatchewan and Alberta by the association the outlines of the proposed plan are drawn. Briefly each Government is asked to create a Land Board for its province which will list all vacant lands with prices fixed for two years and issue maps and literature showing the location of this land and giving the facts as to the price and character of the soil. Provision is made insuring a reasonable valuation and owners will be asked to name agents empowered to make sales.

If this plan is carried out the Western Canada Colonization Association and every other immigration agency able to put into the hands of the operating outside of Canada will be hands of the prospective immigrant the information which will make his removal to a new home in Western Canada a business investment instead of a highly speculative venture. He will be able to decide before hand the district to which he is to go and he will know that when he arrives he will be able to get the land he requires without delay and without uncertainty.

The beneficial effect upon immigration of an arrangement like this which will offer the incoming settler the assurance of consideration, treatment and a square deal, will be beyond calculation. It will remove, too, from the whole movement the incubus of the suspicion that it is a device for selling land for speculators and put it in its proper light as a great co-operative enterprise.

The road will be straight before him and the goal will be in sight. The beneficial effect upon immigration of an arrangement like this which will offer the incoming settler the assurance of consideration, treatment and a square deal, will be beyond calculation. It will remove, too, from the whole movement the incubus of the suspicion that it is a device for selling land for speculators and put it in its proper light as a great co-operative enterprise.

Acquisition to Saskatchewan Cabinet

Mr. J. A. Maharg, President of the Saskatchewan Grain Growers, and member for Maple Creek in the Dominion House, who has accepted a portfolio in the Saskatchewan Government.

Says Public Records Should Be Preserved

Sir Robert Borden Claims Valuable Documents Are Neglected.

Ottawa.—Better provisions for the care of public records was urged on the House by Sir Robert Borden, former prime minister, this afternoon. Sir Robert quoted from the report of a royal commission to show that documents of priceless value were stored in dark rooms and passages in inaccessible places; in places where depreciation was bound to result. Many were in buildings not fire proof. Decision had been reached to have a fire proof building erected, but the war intervened, and the work was not carried out.

The Prime Minister, the leader of the Opposition and the leader of the Progressives were as one in recognizing the need for every care of historical documents.

Did Not Receive S.O.S. Call

U.S. Transport Attracted to Japanese Vessel By Smoke.

Seattle.—Forty-three of the 65 survivors of the Japanese freighter Tokuyoku Maru which burned to the water's edge off the Oregon coast with a loss of eight lives, were in Seattle hospitals suffering from shock and exposure. The remaining 22 survivors reported themselves already recovered from their experiences. Only one body of the eight dead has been recovered.

Capt. Kerr, master of the Buford, declared his ship had not received an "S.O.S." from the Tokuyoku Maru, but was attracted to the stricken vessel by sighting the column of smoke. "We had just been having boat drill," Capt. Kerr said, "when I saw the smoke in the distance. We were 12 miles distant then, and 55 minutes later were on the scene."

"There were constant explosions and with every explosion the flames shot 100 feet in the air and bales of cotton were hurled 200 feet high."

Capt. Suzuki, master of the Tokuyoku Maru said the fire started in the coal bunkers and was due, he believed, to spontaneous combustion. The ship carried 1,000 tons of coal, 700 tons of fuel oil, and a big cargo of nitrates, lumber and cotton.

French Ambassador For Vatican.

London.—It is learned on good authority, says a despatch to the London Times from Paris, that the French Government is determined to appoint an ambassador to the Vatican immediately without waiting passage by the Senate of the bill which would restore diplomatic relations between the French Government and the Holy See.

No More Meal Tickets.

Toronto.—With the distribution of a three-day supply of meal tickets to 1,100 men, the official word went forth that that was the end of the free meal ticket campaign.

Officials of the local labor movement said that another demonstration was being planned by the unemployed.

Nothing to Indicate the End of British Coal Strike

Resolution Adopted Prolonging Government's Emergency Powers.

London.—Beyond the fact that the members of the Parliamentary Labor Party and other members of parliament are trying to resuscitate the conference between the mine owners and miners, there is nothing to indicate a basis for the optimism of J. H. Thomas, general secretary of the Railwaymen's Union, who has predicted the end of the coal strike within a week.

The House of Commons by a large majority adopted a resolution prolonging the Government's emergency powers and adding new regulations relating to restrictions of tram service.

ices, pleasure steamers and lighting, and the extension of summer time, if found desirable. In the course of the debate, J. R. Clynes, and other Labor members, urged the Government to withdraw its regulation, on the ground that this would facilitate negotiations.

Home Secretary Shortt, on behalf of the Government, argued that the risk was too great. He said it might become necessary to import coal, and the Government needed the powers to deal with the possibility that the Triple Alliance would refuse to handle imported coal.

Calgary May Have Tong War

Oriental Quarter Upset Over Gambling Raids.

Calgary.—Chinese National League and Masons are giving the city police and the police court magistrates no end of trouble these days. While the miniature Tong war to date has not brought about any fatalities, still there is reported to be a dangerous under-current running in the Oriental quarter of the city, which may become serious any moment. Gambling clubs supported by both factions have been raided by the police lately, which is said to be one of the reasons of the present tension.

Ontario Has New Police Commissioner

General Sewell Was Camp Commandant at Sewell, Man.

Toronto.—Major-General H. Elliott, Toronto, has been appointed commissioner of the Ontario Provincial Police. This is a new position created by legislation at the session of the House which has been formally ended.

General Elliott will have wide powers in the enforcement of the general criminal law and the Ontario Temperance Act. He was camp commandant at Sewell, Man. in 1915, later proceeding to France.

Foxes Classified For Quarantine In U. S.

Fur In Such Demand Bars Are Put Up.

Washington.—Fox fur has come into such demand in the United States that agriculture department officials have put up immigration bars against the flow of undesirable live foxes imported for breeding purposes. By regulations just issued, foxes are classified with other livestock for quarantine against disease, and can enter the country only after inspection and on permit, except when consigned to zoological gardens.

Object To Amusement Tax

Kingston Veterans Claim They Have Privileges.

Kingston, Ont.—Strong objection is made by the Army and Navy Veterans of this city to payment of the amusement tax. The veterans have decided to challenge the right of the Ontario Government to levy such tax upon army and navy veterans and to make a test case to the courts, if necessary. It is claimed that the veterans have distinct privileges under the charter granted by the act of parliament, and that the Ontario Legislature cannot destroy these privileges.

Advocates Indian Schools.

Toronto.—Chief Loft, of the Mohawk Tribe of Indians, addressing the York Pioneer Club here recently, urged that Indian education be brought under the provincial departments of education so that the Indian children might take full advantage of the public and his school systems. Chief Loft served overseas in the Canadian Expeditionary Force.

Farmers May Reorganize

Group in Manitoba Legislature Will Likely Be Smaller.

Winnipeg.—The Independent Farmer party of the Manitoba Legislature, which has seldom voted as a unit in the session just closing, may be re-organized. William Robson, leader of the group, said that its future would be decided immediately following the close of the session.

Report is that when the Legislature next meets there will be a smaller group of Independent Farmers, and that some of those who have been nominal members of the group for the past few months will be aligned formally with other groups with which they have voted.

Grain Commission Meeting

Members Confer With Premier at Ottawa.

Ottawa.—Members of the recently appointed commission to investigate grain marketing conditions in Canada are in Ottawa for a series of conferences on their work. Judge Hyndman, chairman of the board, together with Messrs. Staples, Haslam and Goldie, will meet the prime minister and Sir George Foster, minister of trade and commerce, it is expected, and discuss with them the work which is to be carried out.

Harvey Sails For England.

New York.—George Harvey, newly appointed United States ambassador to Great Britain, has sailed aboard the steamship Aquitania for Southampton.

Polish Coup In Upper Silesia Plunges Eighty Feet Into River

British Fire on Poles Trying to Occupy City.

Oppeln, Upper Silesia.—Col. Bond, British control officer at Gross-Strehlitz, reported to British headquarters that he opened artillery fire on 2,000 to 3,000 Poles attempting to occupy the city.

The Poles brought up light field pieces and were replying.

Col. Bond, who has approximately 200 Italian troops, also reported that he probably could not hold out long.

London.—Dr. St. Hamer, the German ambassador here, presented a note to the Foreign Office protesting against the Polish coup in Upper Silesia, as an apparently concerted effort to take the province by force, and refusing all responsibility for the situation and its consequences.

The note has also been communicated to the other allied governments.

Saskatchewan and Alberta Paid.

London.—The fact that Governments of Saskatchewan and Alberta have come forward with the interest on the bonds of the Grand Trunk Pacific Railway branches which they guaranteed is the occasion of appreciative references in the financial columns of the papers here. "It was feared," says one financial writer, "that the provincial authorities might follow the example of the Dominion Government, but Alberta and Saskatchewan, to their credit be it said, acted in accord with their guarantees."

Employee of Ottawa Public Works Department Has Narrow Escape.

Ottawa.—A miracle occurred here when Joseph Lefebvre, employed by the Public Works Department as a driver, went over the big dump at the foot of Bank Street with a horse and dump cart. He fell about 80 feet into the Ottawa River and escaped with a few bruises and a severe shock to the nervous system.

The miracle does not end there, for the horse, after turning end for end once or twice and landing like a ton of brick, with the smashed wagon, in the river, calmly swam from the scene of the accident to a boat house nearly a mile down the river, where he was brought safely to terra firma.

Say Japan Plotting Against Soviets.

Riga.—The Ivestia of Moscow, prints a report that Japan is planning a decisive action against the Soviets. The newspaper declares that the plan includes the bringing of the army of Gen. Wrangel to Siberia via Japan, this army to join the forces of Gen. Semenov, the anti-Bolshevik leader. The investia asserts that the Japanese military attaché in Paris dined recently with Russian officers there and promised them aid.

Sir John S'mon Coming.

Winnipeg.—Right Hon. Sir John Simon, K.C., former British Home Secretary and former Attorney-General, has accepted an invitation to attend the annual meeting of the Canadian Bar Association at Ottawa on September 6, 7 and 8.

The only Razor that Sharpens Itself!

THE Valet Auto Strip Razor embodies its own stropping device. A good leather strip is part of the outfit and the razor does the rest.

Because it stropps itself, the Valet Auto Strip Razor is the only safety razor that provides a keen-edged blade for every shave.

The Valet Auto Strip Razor does not need to be taken apart to be stropped or cleaned.

The Valet Auto Strip Razor makes one blade do the work of a dozen. Razor, Strip and 12 Blades in assortment of cases \$5.00 the set, other sets up to \$16.50.

St. Laurence Church

MONITOR

Change in hour of Service.

At the request of a number of parishioners Divine Service until further notice will be every Sunday at 11.30 a.m.

Sunday School at 10.15 a.m.

Boys Club Sundays 10.15 a.m Mondays 7.30 p.m.

Girls' Club Sundays 10.15 a.m. Mondays 7.30 p.m.

On Sunday May 15 Whit Sun. the singing in St. Laurence at Divine Service 11.30 a.m. will be accompanied by a number of violins.

Holy Communion will be celebrated.

Co-Operative Church

The Mother's Day Service held in the Co-operative Church was a distinct success. The singing, as led by the choir of mothers, was bright and congregational and the two special pieces (chorus and duet) were especially appreciated. The building was beautifully decorated with flowers borrowed from the different homes for the occasion and was brilliantly lighted. The pastor spoke from 1 Samuel 2. 19 stressing the thoughtfulness and sacrifice of true motherhood and making a plea for greater reverence for mothers on the part of children, and for an increased interest in the moral development of the children, on the part of the mothers. We are exceedingly grateful to all the ladies through whose efforts this service was made so attractive and helpful.

Saskatchewan Salt Deposits

Expected that 850 Tons Will Be Produced This Season.

A plant is being completed at Senlac, Sask., to produce dairy salt from the salt deposits, and it is expected that almost 850 tons will be produced this season. The dairy salt will be taken by the Saskatchewan Co-operative Creameries at Regina, and the balance of the rough salt, when cleaned, will go to laundries at Edmonton, Saskatoon, Regina and Moose Jaw. A plant is in course of erection at Fusilier for the manufacture of sodium sulphate powder from the deposit there. This will have a capacity of 20 tons, and shipments will begin this summer.

100 Years in One House

Mrs. Rebecca Thomas, who celebrated her 100th birthday in December last, has died at Kelvedon Common, near Brentwood. She lived all her life in the house in which she was born.

BARELY LIVED THROUGH IT

A terrible experience had Edw. J. O'Connor, of Sault Ste. Marie. From O'Connor he writes: "I have been a constant sufferer from Asthma and Catarrh. My nose and throat was often stopped up, and I had disagreeable droppings from my throat. When an attack of coughing came on, it seemed as if I would barely live through it. I would gasp for breath. Catarrh made me well. It's soothing healing action was exactly suited to my case." To those who suffer from Catarrh, Asthma, throat irritation and Bronchitis, Catarrh is highly recommended. Two months treatment, one dollar; smaller sizes, 25c and 50c, at all dealers of The Catarrhzone Co., Montreal.

Persian Men Must Not Laugh.

In Persia a man who laughs is considered effeminate, but free license is given to female merriment.

It Has Many Qualities.—The man who possesses a bottle of Dr. Thomas' Electric Oil is armed against many ills. It will relieve a cough, break a cold, prevent sore throat; it will reduce the swelling from a sprain, relieve the most persistent sores and will speedily heal cuts and contusions. It is a medicine chest in itself, and can be got for a quarter of a dollar.

Marshal Foch Receives Voluminous Mail Daily

Has No Time to Look After Batch of Correspondence.

Marshal Foch says that one of his great regrets is that he has not time enough to properly digest the big mail he receives. Like most men in his conspicuous position he gets daily a batch of correspondence that keeps his aides busy, sifting the trivial and eccentric from the important and interesting.

Friends and enemies alike write him profusely and their letters run the whole gamut from ecstatic adulation to frenzied vituperation. One morning recently he received a dozen letters and as many packages from the same person, an American. All were registered. The American must have known that this class of mail gets first attention by the Marshal's staff.

Nearly every mail brings a letter from some pro-German in America inviting the Marshal to have himself hanged or go to the place of fire and brimstone. By every mail someone sends him an ode or a song written in his honor.

Mothers write him often informing him that they have named the finest baby in the world after him, and fathers send word that they would have taken a good drink in his honor on some anniversary or other, had not the American continent gone dry.

Authors send him their books and inventors forward descriptions of wonderful new engines of destruction or schemes to suppress war.

The Marshal's advice is asked on all the subjects with which he says he is least familiar.

Born a Slave, Left \$15,000.

"Uncle Bill" Hopkins, a negro who died in South Carolina recently, left a \$15,000 estate. Born a slave and unable to read and write, the old negro made practically all his little fortune chopping wood for his white neighbors.

Minard's Liniment Lumberman's Friend.

On the Old Farm in Springtime

I was out driving a three-horse team on the disc harrow," writes Mr. Edward Crane, of Kilmarnock, Ont., "when part of the harness broke. While fixing it, one of the horses kicked out and knocked my arm against the sharp edge of the harrow. I was severely cut about the elbow and wrist.

"Not being able to leave work to get the wound dressed, dirt got into it, and my arm grew so stiff and painful that it looked as if I was in for a bad time. As soon as I could, I washed the wound and dressed it with Zam-Buk. Next day the arm was much less sore, and the stiffness less troublesome. I continued to use herbal Zam-Buk freely and in a few days it healed the injuries splendidly. Zam-Buk should be on every farm."

Zam-Buk is the purest, safest and most wonderful healing substance in the world. Invaluable for eczema, ulcers, ringworm, poisoned sores, burns, scalps, pimples, boils, and other spring skin eruptions. All dealers 50c. box, 3 for \$1.25, or from Zam-Buk Co., Toronto.

Matter of Life and Death.

A minister who guarded his morning study hour very carefully told the new maid that in no circumstances were callers to be admitted—except, of course, he added, in a case of life and death.

Half an hour later the maid knocked at his door.

"A man to see you, sir."

"Why, I thought I told you—"

"Yes, I told him," she replied, "but he says it's a question of life and death."

So he went downstairs and found an insurance agent.—Holston Post.

"Cold in the Head"

is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the Blood and render the nasal cavities healthy. Repetition of attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the Mucous Surfaces of the System, thus reducing the inflammation and restoring normal conditions. All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

The making of boots and shoes in Canada dates from 1667 and is one of the oldest industries in the Dominion.

COULDN'T DO HOUSEWORK

HEART SO BAD

Many women become run down and worn out by their household cares and duties never ending and sooner or later find themselves with weak hearts and shattered nerves.

When the heart becomes weak and the nerves unstrung, it is impossible for a woman to look after her household or social duties. The least little exertion or excitement leaves her in an exhausted condition, and not fit to do anything.

On the first sign of any weakness of the heart or nerves, you will be wise if you take a course of Milburn's Heart and Nerve Pills.

Mrs. Daniel Bezanon, Loganville, N.S., writes: "As I was troubled with a weak heart for nearly two years I am writing to tell you what your great remedy, Milburn's Heart and Nerve Pills, has done for me."

My heart was so bad at night I could not sleep; I would take smothering spells, and I was so weak I could not do my housework. I tried two doctors, but got no results. A friend advised me to try Milburn's Heart and Nerve Pills. I have used six boxes, and I am completely relieved. I think they are the best medicine for heart trouble there is."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

The exports of American coal to Sweden last year amounted to more than twelve times as much as in the preceding year.

Minard's Liniment used by Physicians

A Charming Frock Of Crepe de Chine

By Marie Belmont.

A delightful fabric for year round wear is crepe de chine. This dress in beige, shows how effective it is when finely knife pleated. A rather interestingly cut yoke marks the top of this frock and it is extended far enough over the shoulders to form short sleeves. Loops of the pleated crepe de chine are fastened into them and these form a soft background for the upper arms. The black satin slip is partly revealed beneath the panel of fillet lace that distinguishes one side of the dress. A flash of brilliant color is found in the sash of scarlet ribbon which is tied low around the figure.

Corns are painful growths. Holmway's Corn Remover will remove them.

B.C. Lumber For South Africa.

An order for 1,400,000 feet of the regular 3 by 9 and 3 by 11 requirements in lumber has been secured by the British Columbia Mills Timber and Trading Company from South Africa. This is the first order from the far south in many months. Shipments will begin within a month.

A Corrector of Pulmonary Troubles.—Many testimonials could be presented showing the great efficacy of Dr. Thomas' Electric Oil in curing disorders of the respiratory processes, but the best testimonial is experience and the Oil is recommended to all who suffer from these disorders with the certainty that they will find relief. It will allay inflammation in the bronchial tubes.

His Ambition.

Kindly Old Gent.—Well, my little man, what would you like to be when you grow up?"

Little Man.—I'd like to be a nice old gentleman like you with nothing to do but walk around and ask questions.

Miller's Worm Powders attack worms in the stomach and intestines at once, and no worm can come in contact with them and live. They also correct the unhealthy conditions in the digestive organs that invite and encourage worms, setting up reactions that are most beneficial to the growth of the child. They have attested their power in hundreds of cases and at all times are thoroughly trustworthy.

Easily Explained.

The man who ran the elevator of the sky-scraper was talking to a passenger.

"The Judge certainly did soak him," he said. "He sentenced him to three years and ten days. Now I understand the three years all right; but what the ten days were for I'd like to know."

"That was the war tax," said a quiet citizen who got aboard at the tenth floor.—Pittsburgh Chronicle Telegraph.

It is not good for man to be alone; that is why woman refuses to let him alone.

Minard's Liniment used by Physicians

A Beautiful Complexion & Admiration

Ladies—A few days' treatment with CARTER'S LITTLE LIVER PILLS will do more to clean up the skin than all the beauty treatments to be had.

It is caused by a sluggish liver. Millions of people, old, young and middle aged, take them for Biliousness, Dizziness, Sick Headache, Upset Stomach and for Bile, Windy and Bloated Side. They cure the misery of Constipation. **Small Pill—Small Dose—Small Price**

Proposed Woolen Mill For B.C.

A number of Australian sheep farmers are desirous of building a wool mill on Vancouver Island to cost \$500,000, providing they can obtain a free site.

MILD EPIDEMIC GOING ROUND

It is due to impurities in the water, causes cramps, diarrhoea, headache. Those who take twenty drops of Nerwine in sweetened water usually get quick relief. It is really wonderful how good old Nerwine does up a sour upset stomach, how it stops hiccoughs, how quickly it puts a stop to those nasty attacks of gas. Every home should keep a bottle or two of trusty old Nerwine on hand. 35 cents everywhere.

Of course, it is none of our business, but we might inform some of the reformers that the best way to make other people happy is to let them alone.—Luke McLuke.

SPEAKS HIGHLY OF BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones she is always pleased to speak highly of them to other mothers. She knows the good they have done her children and realizes that her experience should be of benefit to others. Concerning the Tablets Mrs. Fred Murphy, Charlottetown, P.E.I., writes: "I have used Baby's Own Tablets for the past eight months for my baby. I cannot speak too highly of them for they have been of great assistance to me in my first experience of motherhood." Baby's Own Tablets are a mild but thorough laxative which are absolutely harmless and may be given to even the new born babe with perfect safety. They are sold by medicine dealers or direct at 25 cts. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"I want to be procrastinated at the next corner," said the negro passenger to the tramcar conductor. "You want to be what?" demanded the conductor. "Don't lose your temper, I had to look in the dictionary myself 'bo' I found out dat 'procrastinate' means 'put off.'"—Dallas News.

M. Barker Prop.

Oh listen to the Band

It is with great pleasure that we are able to announce the arrival of a Conn B flat Tenor Saxophone to swell the already splendid aggregation of instruments in existence here. This last instrument is a splendid horn and will doubtless add more laurels to the Monitor Citizens Band—an organization that any town might well be proud of.

We hate to let the cat out of the bag this way, but there's no help for it—here goes. The Village Council recently granted the sum of \$200 to the band in order for them to erect a "Band-wagon." This contraption is to be made on the running gears of a wagon, and will comfortably seat 30 players. An extensive programme of open-air programs has been arranged by the Band to show their appreciation of the gift. This is the first official recognition the Band has had since its organization, and it certainly speaks well for the Council that they are wise enough to know a good thing when they see it, and to show it in this satisfactory manner. Watch the band, it is worth watching and listening to.

It is not generally known in the district, that the assets of the Band at present amount to something like \$2000.00, and the Constitution of the organization is, that the instruments of the Band are NOT the properties of the individual players, but belong to the TOWN, and in the event of the Band disbanding, all these instruments will be handed over to the existing Secretary. It was on this account that the council felt justified in making the grant above referred to.

KIRRIEMUIR

Important Rev. T. C. Powell Superintendent of Missions; will preach at Kirriemuir next Sunday, May 15th, at 7.30 p.m. Let's pack the School House to hear this popular preacher.

Service will be conducted at Gregerson next Sunday at 3 p.m. by Rev. A. V. Houghton.

For spiritual and social stimulation nothing equals the Kirriemuir Ladies Aid meetings. Everybody was happy last Thursday. Mrs. A. V. Houghton was hostess.

May 5th. A hearty vote of thanks was given Mrs. R. Fish, President, and Mrs. A. Weece Sec. for their splendid work of the past year. Mrs. A. Weece, was elected President, and Mrs. E. Morris was elected Sec-Treas. for the coming year. Total raised by Ladies Aid \$247.00.

The 4th Quarterly Board meeting was held May the 9th. Mrs. M. Ross was appointed lay delegate to the District Meeting and the Conference. She gave a splendid report of the years work. More details will be given next week. The pastor thanks everybody for their kindness and co-operation. An invitation was extended to the Pastor to remain another year.

Local Happenings

Considerable improvements for the Village were passed at the last meeting of the Council, most of which consist in grading and repairing the roads.

St Laurence W. A. will meet at the Vicarage on Thursday next, May 19th.

Word was received this from our old friend Dick MacLaren, who is at present in Calgary Hospital. Dick has had several operations since he was here last, but says he is holding his own. Hopes hoping for his speedy recovery.

Bob Fawcett has returned from Consort, and has once again taken up his residence in Monitor. Sure, we all leave once in awhile, but—the homeward journey is the best.

We were sorry to disappoint so many who wished extra copies of last week's News. We printed an entire issue extra, but very apparently this was insufficient to meet the demand. Why not pay a years subscription and be assured of a copy all the time.

BORN—To Mr. and Mrs. H. Uddenberg, at Monitor, Alta, a Son. Congratulations.

W. F. MASON

Office Hours: 10-12 a.m. 2-4 p.m.

OFFICE PHONE 14 RESIDENCE 10

The Canadian Bank of Commerce Monitor Alberta

This splendid brick building was erected last fall on the same site as the old frame building. The Bank is beautifully finished inside, and has electric light etc. and all the conveniences of a city establishment. The staff at present consist of:

Manager, J. C. Matheson Esq. Accountant, Jas. Taylor Esq. Discounts,
D. S. Waters Esq. Teller, E. M. Gillam Esq. Ledger-Keeper
N. S. Kirk Esq. Stenographer, Miss Rhoda Cameron

PLAY

BALL

On Wednesday evening last, the Committee appointed at the previous Baseball meeting for the purpose of supplying a manager and Sec-Treas. for the 1921 season, gave notice that they had appointed Mr. M. A. Van Horn as manager, and Mr. J. C. Matheson as Secretary-Treasurer.

Mr. Van Horn has acted in this capacity for the past two years with a success that is phenomenal considering the material from which he had to make a team, and the other adverse conditions that have at all times prevailed and with which we are all familiar with. It might be well to thank right here, the team and their management for their ability to be self supporting in spite of everything besides accumulating ball-suits and various equipment to the good. Recognising this, the town as a whole, has pledged itself to support the 1921 aggregation to the limit.

The management announces the official opening of the Monitor Baseball season on
MAY 24th at 6 p.m. SHARP COMPEER vs MONITOR

So come on out you fans, and be ready for a game of real

B A L L

The management of the Monitor Baseball Club announce the following men have agreed to play ball and to date to represent the team. Any one else that cares to play ball, come to practice—and they will be given the "once over" as the manager has definitely stated that this year he will put the best men in their proper places, for the benefit of the team, regardless. Everyone is assured of an equal chance to "make" the team. Marion. Stuart. Sonquist. Lake. Hilgerson. Watson Kirk. Gillam. McGirr. Baxter.

Next, Sunday, at 2.30 p.m.

weather permitting, everybody that ever caught or threw a ball report for practice and help give the boys a work out. There must be a second team for practice games with the regulars, and such games have always produced a great deal of sport and amusement, and in case any of the second team dirty their clothes sliding home on a home-run, just peel your duds and "Gilly, Kirke and Co" will no doubt.

clean them for you, as we understand are great in the laundry business.
